

Mondale Scholarship Program, 2023-2024 Academic Year APPLICATION GUIDELINES

The Japan America Society of Minnesota (JASM) will award the Mondale Scholarship to undergraduate students enrolled in Minnesota colleges and universities who are scheduled for a Japan study abroad program and want to broaden their knowledge of Japan through a combination of study and travel. Starting in 2019, JASM is inviting the students of North Dakota State University to apply for this scholarship as well. The selection committee has the discretion to award \$2,000 scholarship. The awards can be used for travel to or within Japan or for a special research project in Japan.

The application process consists of the completion and submission of the following items:

1. Application form
2. Official college/university transcript(s) from all institutions attended
3. Cumulative GPA 3.0 or higher
4. Two letters of recommendation. These letters should come from a faculty member or a member of the applicant's community of residence who knows the applicant well and who can attest to the applicant's desire to spend time studying and traveling in Japan.
5. An essay that addresses these questions: Why do you want to study and travel in Japan? What is your goal for this experience? How do you intend to use the scholarship dollars? The essay must be no longer than two double-spaced typewritten pages.
6. A copy of the letter of acceptance from the intended program of study in Japan.

Deadline: July 20, 2023

The selection committee will review all applications and select finalists for interviews. These interviews will be held some time during late July. Applicants unable to participate in the interview process may be disqualified by the selection committee.

Please note:

Applicants must be U.S. citizens or resident aliens currently enrolled at a Minnesota college and North Dakota State University. The awardees will be asked to provide quarterly written reports on their experience while in Japan and to make a personal appearance at a Japan America Society of Minnesota function during the semester after their travel is completed. Also, the awardees will be asked to visit the high school of their choice to do a presentation regarding their visits.

Scholarship awards are generally not considered taxable income if used for tuition, books, or other similar educational expenses. Award recipients should consult with a tax advisor to understand their potential tax liability.
